

Investment Analyst

Department: Investments

Reports to: Senior Investment Analyst

Level: Level 6

What You Will Do:

You will be responsible for supporting the management of the equity portfolio through research, analysis, and evaluation of investment opportunities. Your role involves conducting thorough due diligence, financial modelling, and performance analysis to inform investment decisions.

Your Main Responsibilities Will Be:

- Conduct research and analysis on equity investment opportunities across global markets, sectors, and market capitalizations.
- Perform financial analysis, including valuation modelling, to assess the attractiveness of potential investments.
- Assist in the due diligence process for equity investments, including gathering and analyzing relevant data, conducting industry research, and assessing competitive positioning.
- Monitor and evaluate the performance of existing equity investments, including tracking key performance indicators and industry trends.
- Prepare investment memos, presentations, and reports for senior management and investment committees, summarizing findings and recommendations.
- Collaborate with other members of the investment team to assess risk-return profiles, optimize portfolio allocations, and execute investment decisions.
- Stay informed about market developments, macroeconomic trends, and regulatory changes that may impact equity markets and investment opportunities.
- Assist in the development and maintenance of investment models, databases, and research tools to support investment analysis and decision-making.
- Provide support for ad hoc projects, research initiatives, and investment-related tasks as assigned by senior management.

To Qualify, minimum requirements are:

- At least 3 years' experience in the financial sector with an emphasis in investment banking or corporate finance.
- Bachelor's Degree in finance, accounting, economics, or any related field.
- Professional qualification in finance such as Chartered Financial Analyst (CFA) (Completed or in progress) as an added advantage.
- Commitment to further studies and qualifications.
- Female candidates are encouraged to apply.

What You Will Get:

- A competitive benefit.
- A dynamic and vibrant working environment.
- Exposure to and mentorship and coaching from experienced professionals.
